You are invited to attend a retreat with the First Southern Baptist Church. You can get more information from Jack, Milan, or Henson. The movie, "Singin' in the Rain" premiered on this date in 1952. Although it was a big hit when it

came out, it did not win many awards. Now it is considered one of the best musicals of all time. The dancing by Gene Kelly and Donald O'Conner was phenomenal. The singing is pretty good too. It is a comedy and some of the comedic scenes are very funny. If you have not seen this film, you might want to see it, just for the entertainment value. On this date in 1964 there was an earthquake measuring 9.2 on the Richter scale in Alaska. It was the most powerful earthquake recorded in North American history. In some areas in Alaska the ground was permanently raised over 30 ft. Despite damage like that in the picture above, the earthquake and resulting tsunamis directly caused only about 131 deaths. At least two small cities were relocated because of the earthquake and the resulting earth movement. The building codes were changed so that the new buildings and roads and sewers, etc., could better withstand earthquakes. On this day in 1969, the Mariner 7 was launched. This was a Mars flyby. Less than one week before it was to start taking pictures, communications with the probe were interrupted. It was latter proposed that the failure was due to a failure of a storage battery, which damaged wiring. However, communications were reestablished and the probe went on to do a better job than expected. It was the first probe to be reprogrammed while in flight. It was able to gather more specific information because of this. Mariner 7 determined that the Mars moon, Phobos, was irregularly shaped.

Praise the LORD. Blessed is the man who fears the LORD, who finds great delight in his commands. Psalms 112:1

你們要讚美耶和華！敬畏耶和華，甚喜愛他命令的，這人便為有福！詩篇 112:1
