Abraham Lincoln was the 16<sup>th</sup> president of the United States. He was born on February 12, 1809 to a typical working class farming family. He often stayed up late in the night studying by candlelight or firelight after a hard day of work. He became a lawyer and was elected to the Illinois legislature at the age of 25. He became a Senator for Illinois and tried to pass legislation to abolish slavery in Washington, D.C. In 1860 he was elected president of the U.S. and by the time he started to serve in 1861, seven of the confederate states had seceded. He was the president during the civil war and because of him we are still one nation. He abolished slavery in the U.S. during his time in office and was assassinated in 1865, at the end of the war.
